Long Beach Island and Ocean City, NJ Program; Beach Accessible Wheelchairs

"All-Terrain Beach Wheelchairs" are beach accessible wheelchairs for use by anyone with a mobility-limiting disability. The City of Ocean City and Long Beach Island provide this service free, . . . beaches have beach chair service available for transportation to the desired beach locations.

State lifeguards at Doheny, San Clemente, and San Onofre, Calif.

beaches receive 10 to 15 requests a week during the summer to help disabled or elderly people through the sand.

The All-Terrain Beach Wheelchair, with its wide wheels, won't get stuck in the sand like a regular wheelchair.

And because it is made of non-corrosive PVC plastic, the chair can get wet when riders venture near the surf.

The All-Terrain Beach Wheelchair, which must be pushed by an attendant, promises to be in great demand.

The Scoop on J-Mac's All-Terrain Beach Wheelchair
